1. Approval of the Minutes of Previous Meetings

Regular Meeting of June 6, 2013

Motioned by Dziekiewicz, seconded by Smith. Approved unanimously. (5-0)

Special Meeting of June 27, 2013

Motioned by Blanchard, seconded by Smith. Approved unanimously. (5-0)

2. Preliminary Decision on Permit Application for the Demolition of a Building Pursuant to §2-120-760 and to §2-120-825 of the Municipal Code

**EAST VILLAGE DISTRICT
1048 N. Honore Ave.**

WARD 2

Larry Shure presented the staff's recommendation that the Commission preliminarily find that: (a) pursuant to Article III, Section G.1. of the Rules and Regulations of the Commission on Chicago Landmarks (the "Rules and Regulations"), that the significant historical or architectural features are all exterior elevations and rooflines; (b) Preliminarily find that the subject building, a 2-story frame house constructed c. 1890, contributes to the character of the East Village District, which includes narrow lots with cottage and apartment buildings built in a wide variety of architectural styles during the late 19th and early 20th centuries; (c) Preliminarily find that the demolition of a contributing building or structure within a landmark district is a *per se* adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the *Rules and Regulations*; (d) Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the district; and, (e) Issue a preliminary decision disapproving the demolition application.

The owners' attorney asked that the Commission approve the demolition application.

Mr. Shure informed the Commission that a preliminary decision disapproving the demolition application would trigger an informal conference and, if the informal conference did not reach an accord, a public hearing on the permit application would be scheduled in accordance with the provisions of the Chicago Landmarks Ordinance.

Motioned by Smith, seconded by Dziekiewicz. Approved unanimously. (5-0)

3. Class L Property Tax Incentive – Final Certification

Dijana Cuvalo presented the staff report for the month of May 2013 (see attached).

Commissioner Leon called for a recess.
Commissioner Mooney joined the meeting.
Commissioner Leon called the meeting back to order.

6. Pre-Permit Submission – Signage Related to Historic Protected Features (as defined by the Wrigley Field Designation Ordinance)

**WRIGLEY FIELD
1060 W. Addison St.**

WARD 44

Eleanor Gorski presented the staff report for the proposal of three outfield signs, two light standards, and modifications to the previously approved master sign program. It was noted that the size and position of the proposed outfield signs had recently been negotiated and the final sizes and images were not depicted accurately in the power point or master sign program. Staff presented the final size of the left field LED board at 48' in height x 95' in width. The neon script sign above the LED board was not yet determined. The final size of the right field neon script sign was presented at 650 square feet. The presentation included an overview of the stadium's protected features, governing provisions of the master sign

program, and design parameters. Michael Lufrano, Vice President for Community Affairs for the Chicago Cubs, made a brief statement about the project and provided additional details. Alderman Tom Tunney spoke in opposition of the signs.

Chairman Leon called for questions by the Commission members to clarify any information regarding the proposed signs and staff recommendations. The public was then invited to make public comment; approximately 60 members of the public presented statements.

Commission staff and the applicant's representatives were recalled to address additional questions of the Commission. There were additional questions and further discussion by the Commission.

A motion was made to accept the staff recommendation for the installation of the proposed outfield signs, light standards, and modifications to the master sign program with the stated conditions of approval as follows:

The Commission found that, with the following conditions, the proposed signs and light standards as proposed would meet the criteria set forth in the Commission's Rules and Regulations, Commission's *Guidelines For Alterations to Historic Buildings and New Construction*, the *U.S. Secretary of the Interior's Standards For Rehabilitation of Historic Buildings*, and any specific guidelines stated in the *Wrigley Field Designation Ordinance* and therefore would not adversely affect the significant historical and architectural features of the landmark pursuant to sec. 2-120-770 of the municipal code and preliminarily approve the project with the following conditions:

1. Any of the information submitted by the applicant that references the size of the outfield signs will need to be updated to match the agreed-upon sizes approved at the July 1, 2013 CCL meeting. A final draft of the corrected documents will be submitted as a record copy to Historic Preservation staff before application of any permits.
2. Final details, specifications, cut-sheets, etc. for the proposed signs and lighting shall be submitted for Historic Preservation staff review and approval as part of the permit application. Any major change (as determined by the Commission staff) to the size, location or height of the proposed sign shall be submitted to the Commission for review pursuant to Article III, Sec. C(2) of the Commission's Rules and Regulations.
3. The exterior of the right field sign and the neon left field sign will be a matte green paint to match the exterior of the ballpark.
4. The exterior of the left field LED board will be designed with an architectural treatment that will be reviewed pre-permit with Historic Preservation staff.
5. The Commission will consider future outfield sign proposals relative to the cumulative visual impact of signage on the historic and architectural character of the ballpark. The size, scale and spacing between signs would all be considered in future proposals.

Master Sign program revisions:

The revisions presented were adopted as part of the Master document. It was noted that per the Wrigley Field Landmark Ordinance, Section 6, the time frame of the Program is the earlier of (a) 20 years from the date of acceptance by the CCL (i.e., July 11, 2013) and (b) the period of de facto controlling ownership of either Wrigley Field, the Cubs or any person or entity with de facto controlling ownership of Wrigley Field or the Cubs.

Motioned by Dziekiewicz, seconded by Mooney. Approved unanimously. (6-0)

7. Adjournment

There being no further business, the meeting was adjourned at 7:05 p.m.
